

To the Canadian FedEx Workers,  
To the Teamsters of Canada

Vilvoorde, 19 oktober 2009

Dear Canadian FedEx Workers,

We are the largest union representing FedEx workers in Belgium. We formed a union not long after the company came to Belgium. We have a good working relationship with the company and have negotiated very good wages, benefits and working conditions; some of the highest in the industry here. Our union ensures that we are respected on the job. The union is also important in this time of economic uncertainty because with the union the company must consult with us before making any major changes to our jobs and their investments here.

We strongly encourage all FedEx workers in Canada to join the Teamsters Canada.

Brotherly greetings,

Hendrik Vermeersch
